

Role of the School District

Mission

Through our commitment to excellence in public education, we strive to ensure all students become life-long learners, confident and capable of shaping their future and meeting the challenges of today and tomorrow.

Mandate

The Board of Trustees is responsible to provide each of its students an education program consistent with the requirements of the *School Act* and the *School Act Regulations*.

The intent of the board is to provide the best possible education for all its students, that is, all students will have the opportunity to acquire the knowledge, skills and attitudes needed to be self-reliant, responsible, caring and contributing members of society.

Student Conduct Policy

The Board of Trustees believes promoting a safe and caring school environment requires the assistance and support of parents/guardians, students and staff. The board also believes that all members of the school community share in developing and fostering appropriate student conduct, and in the maintenance of order and discipline necessary for quality learning environments.

The board expects students to exhibit socially responsible and respectful behaviours so that teaching and learning are maximized. Accordingly, students shall conduct themselves in a manner that demonstrates respect for the dignity of others and which reasonably complies with the code of conduct as specified in the School Act, The St. Albert Protestant Schools' Code of Student Conduct and with the schools' code of student conduct.

Board Policy I-140, March 13, 2002

All staff play a vital role in developing student behaviour and conduct by:

- upholding board policy and regulations together with the school's expectations for student conduct
- being committed to "treat students with dignity and respect and (be) considerate of their circumstances." ATA Code of Professional Conduct

Code of Student Conduct

School Year 2009-2010

We are committed to providing the best possible education for our students. The three goals identified in the district's Three Year Education Plan, 2009-2012, are: high quality learning opportunities for all; excellence in student learner outcomes; and highly responsive and responsible jurisdiction.

The Board places a strong emphasis on parent/guardian and community involvement in education. Working with students, staff, parents/guardians, and the community, the Board has developed a Student Conduct Policy that will serve to promote a positive attitude and acceptable behaviour in our schools. The policy is in place to ensure that our students get the maximum benefit from their education in a safe and inviting environment. Parents/guardians play an important role in assisting teachers and principals in implementing our Student Conduct Policy.

Through the commitment and cooperation of students, staff, parents/guardians and the community, we will provide our students with a safe learning environment.

Gerry Martins
Board Chair

It is the responsibility of all of us in St. Albert Protestant Schools to provide a rich and inspiring educational environment for our students.

We work hard to ensure that our schools are safe and secure places for learning. We recognize, too, that appropriate student behaviour is essential in achieving our goals for student achievement, and the development of caring, compassionate, self-reliant and productive citizens. Our student conduct policy is based on the principles of respect for oneself and for one another.

The policy serves to guide district staff, students, parents/guardians and community members as we work together to make our schools the best they can be.

Barry Wowk
Superintendent of Schools
