

Off-Campus Programing Parent Consent Form

Dear Parent(s):

Your son/daughter will be participating in the Work Experience Education and/or Registered Apprenticeship Program (RAP), which means that they will be engaging in work and learning experiences off-campus.

Work Experience/RAP courses are programs in which students broaden their knowledge and employable skills in real work, real world environments.

Some expectations for the course are that students will:

- a) Have an opportunity to participate in meaningful work,
- b) Gain an understanding of the importance of developing acceptable work habits, the need for self discipline, with the goal of grooming a solid work ethic,
- c) Develop an understanding of positive attitudes and personal engagement in a work environment
- d) Learn about the organization of business and the relationships of employee to employer, unions and government through direct contact with these agencies,
- e) Be able to explore career opportunities.

Parental consent is required before a student is permitted to participate in Off-Campus Programming. Students registered in Off-Campus Programming are automatically covered by Worker's Compensation while on the job-site, once the appropriate paperwork is completed. This parental consent form is part of that paperwork.

For additional information please contact Bill Turnham, Division Off-Campus Coordinator at 780-231-7955 or via email at bill.turnham@spschools.org

Parental Consent for Off-Campus Programming (Work Experience/RAP/Work Study)

I hereby consent for my child (or ward) being placed in an employment situation for the purpose of Work Experience/Work Study Education or RAP.
